

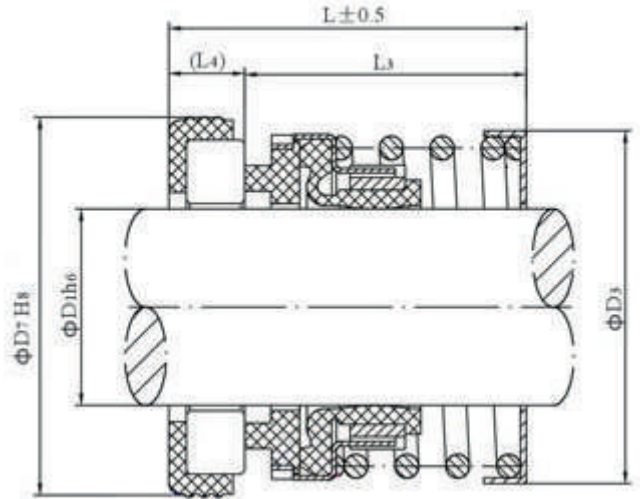

Image P560

P560 Drawing

Allowable limits: P560

Pressure : 0.8MPa
 Velocity : 10m/s
 Temperature : - 40 - 150°C

Component materials P560 :

Fixed ring: Ceramic
 Rotating ring: Carbon
 Secondary seal: NBR
 Spring & others: SUS304

Application :

Used for cooling pumps, centrifugal pumps, submersible pumps and industrial pumps in general.
