

## Tin : E60 1-250

Image AIN : E60 1-250

### Composition:

Tin-Lead SnPb is made up of:

- Tin Sn
- Lead Pb
- Striking soul

### Applications:

Tin is often used in electrical work to connect electronic components.

### Tin-Lead SnPb characteristics:

Model	SN (%)	Pb (%)	Diameter (mm)	Weight (gr)
E60 1-250	60	40	1	250
